

SKS Novelty Co Ltd COVID-19 Update

Dear Customer,

These are truly unprecedented times. Under the strong advice of our Prime Minister and the non-essential business order from our Ontario & Quebec Premiers we have decided to suspend our business activity, at all 3 locations, as of Monday March 23rd. Doug Ford is currently telling everyone that we need to self isolate for 14 days, so we will respect that time frame and anticipate being closed until April 7, 2020. Those of us that are able to work from home have made that transition and our phone lines have been forwarded to the appropriate people. You are also able to reach us by email sks@sksnovelty.ca and our Customer Connect Program will continue to operate for any pre-booked orders you may need to place over the next couple of weeks. We hope that you, your employees and everyone's families are doing ok under the circumstances. We are hoping that once everyone comes out the other side that there will be one heck of a celebration and we will all be well positioned to provide for that party. For now, our thoughts are with you and with our families. Thank you for your business and your support as we navigate this all.

Be Safe!

Sincerely,

The SKS Novelty Family
